

OUR PHILOSOPHY

Bedford Christian Academy & Montessori Preschool

Bedford Christian Academy believes in teaching students how to reach their highest potential academically and as an individual through character development studies incorporating basic Christian principles and values.

The base of our academic program includes individualized instruction using the Montessori Methods in a detailed and carefully structured program of activities designed to enrich the learning experience of every student.

We strive to help students discover the joy in learning so they will become lifelong learners, confident decision makers, solid team players, and strong team leaders.

We believe in teaching each student to honor God by striving for excellence daily and making good use of the amazing resources God has provided for our use.

At Bedford Christian Academy, we offer a high level of instruction in a low-pressure, child-centered environment. **BCAMP** provides enriching education in safe, clean, secure, facilities with convenient hours and location.

Bedford Christian Academy is committed to student learning and development through character development incorporating basic Christian principles and values. Our approach offers a family-oriented alternative to traditional MDO, preschool, and daycare options. We offer the best in the acclaimed Pinnacle curriculum and Montessori teaching techniques. As we begin our school day together, your child's experience will also include daily chapel and prayer, bible stories, songs, verse memorization and sign language.
